FEBRUARY 2017

Livestock Judging

On January 31, 2017, the rescheduled date, some of our members went to Northeast to judge Livestock. They Judged Market Lambs, two classes of Market Hogs, Breeding Ewes, Market Steers, Market Heifers, a Cull/Keep Class of Breeding Gilts, and a Cull/Keep Class of Breeding Heifers. We did pretty well as a chapter, as the Junior team got 1st place, by quite a margin, and in that division, Avery Bermel received 1st place, and the other members did good as well! The Senior team placed 9th and all their team members placed around each other. All in all everyone had fun and did very well.

Meeting,
6:30**

Staff in FFA

Mr. Hoelsing was in FFA his sophomore junior and senior years. He originally said he was in FFA from 1997-2000 , but then changed his answer to 1977-1979. While in FFA he loved beef cattle judging and welding, but wasn't a big fan of Parli-Pro, although that knowledge helps him now. Mr. Hoelsing's favorite FFA memory is when he went to a live-stock judging competition, where they had to judge market sheep. His family didn't raise sheep and he had absolutely NO idea what to do, so he just watched the guy in front of him and copied him. And Mr. Hoelsing actually did pretty well in that contest. When in FFA he wasn't an officer because he was too busy learning how to judge sheep!

Ag Scholarships

CVA is also accepting scholarship applications. To apply you must be seeking an Ag Degree, and go to CVACOOOP.COM and apply online. another Scholarship is the FFA Boosters Scholarship. Talk to Mr. Flaming for more details.
